

20th International Spherical Torus Workshop (ISTW2019)

Monday, 28 October 2019

Session O1: Session O1 (09:15 - 12:45)

time	[id] title	presenter
09:15	[34] Final results of the Phase-1 of the PROTO-SPHERA experiment and first evidences of plasma tori production and sustainment	Dr MICOZZI, Paolo
09:50	[36] Present and future plans of PROTO-SPHERA	Dr ALLADIO, Franco
10:10	[52] Technical Benefits of the PROTO-SPHERA Confinement Configuration	LAMPASI, Alessandro
10:30	[38] Analytical studies of PROTO-SPHERA equilibria	Dr BURATTI, Paolo
10:50	Coffee Break	
11:15	[37] MAST-U experimental programme: From first plasma to first campaign	Dr THORNTON, Andrew
11:50	[32] MAST Upgrade - features and status	Dr LLOYD, Brian
12:10	[30] First operation of the Lithium Tokamak Experiment - β	MAJESKI, R.
